AMENDMENT 1
TO THE OFFICIAL PLAN
FOR
THE REGIONAL MUNICIPALITY OF YORK

PART A - THE PREAMBLE

1. Purpose of the Amendment:

This Amendment expands the Urban Area of the Town of East Gwillimbury to provide opportunities for urban growth to the year 2031.

2. Location:

This urban expansion is within the Town of East Gwillimbury as shown on attached Figures 1 to 8, being excerpts from Maps 1 to 6, Maps 8 and 11 of the York Region Official Plan – December 2009.

3. Basis:

Places to Grow, The Growth Plan for the Greater Golden Horseshoe requires that Regional population and employment forecasts prescribed through Schedule 3 to the Growth Plan be allocated to local municipalities. Further the Growth Plan requires that comprehensive municipal reviews undertake land budget analysis to justify urban expansions.

Regional population and employment forecasts and land budget was received and endorsed by Regional Council in January 2009. Population and employment forecasts were confirmed when the Draft York Regional Official Plan was released for public review and comment in June 2009.

The updated York Region Official Plan was adopted in December 2009 with Table 1 to the Plan identifying the population and employment forecasts to 2031 allocated to local municipalities.

A refined Regional land budget analysis, endorsed by Regional Council in March 2010, has resulted from ongoing discussions with local municipalities regarding land supply, the reduction in the total employment numbers to 780,000 and refinement of land take-outs for environmental features and non-developable lands within white belt areas. Further, urban expansion is not permitted into either the Protected Countryside of the Greenbelt Plan Area or into the Oak Ridges Moraine Conservation Plan Area.

The land budget analysis has indicated that additional urban land designations are required in each white belt community to meet the 2031 growth forecasts.

The Ministry of Municipal Affairs and Housing has advised that that designation of proposed urban expansions in the white belt communities requires a public review and amendment process separate from the Official Plan.

This Proposed Amendment provides for identification of an urban expansion area in the Town of East Gwillimbury consistent with the growth management work undertaken by the Region and the Town of East Gwillimbury as well as amending policies that referred to future urban expansion and the definition of New Community Area which referred to asterisks on Map 1.

PART B - THE AMENDMENT

All of the Amendment entitled PART B - THE AMENDMENT, consisting of the attached Figures 1 to 8 being excerpts from Maps 1 to 6, Map 8, and Map 11 of the York Region Official Plan – December 2009, constitutes Amendment 1 to the Official Plan for the Region of York.

The Official Plan for the Region of York is hereby amended by the following:

1. That Map 1 – Regional Structure as shown on Figure 1 following is amended by designating the lands outlined in black and coloured pink within the Town of East Gwillimbury as Urban Area and continuing to identify lands within the subject lands as part of the Regional Greenlands System and a Regional Corridor.
