Attention: Denis Kelly, Regional Clerk and
Bryan Tuckey, Commissioner, Planning and Development Services

Dear Sirs:

**Re: Proposed Regional Official Plan Amendment No. 61
Public Meeting April 30, 2008**

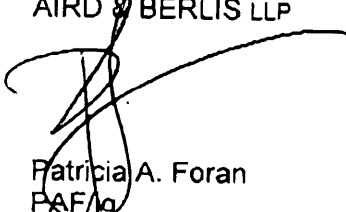

We represent E. Manson Investments, the owners of land in the Region of York.

We have briefly reviewed ROPA 61 respecting "complete applications" under the *Planning Act*. We have expressed, on behalf of our client, our general interest and views regarding policies respecting complete applications to your Planning Staff previously. We understand from Regional Planning Staff that landowners will be provided with the opportunity to review this proposed ROPA and provide written comments to Staff following tomorrow's public meeting.

We continue to have an interest in this item and would ask that we be provided with notice of any future committee or Council meetings which are proposed to consider same.

Yours very truly,

AIRD & BERLIS LLP
