Dear Mr. Kelly:

Re: Highway 407 Widening – Highway 400 to Highway 404 and Need for Full Interchange at Leslie Street – (SRE.05.028)

I am writing to advise that Richmond Hill Town Council, at its meeting on March 21, 2005, approved the following resolution:

- a) That 407 ETR be requested, as part of the current widening of Hwy. 407 to eight lanes between Hwy. 404 and Hwy. 400, to initiate the necessary designs to construct a full interchange (ramps to and from the east) at Leslie Street and Highway 407 at the same time as the highway widening is completed;
- b) That the Clerk circulate copies of SRE.05.028 to York Region Council and Town of Markham Council for their endorsement;
- c) That the Clerk send a copy of this resolution to the Provincial Ministers of the Environment and Transportation seeking their support to address the socio-economic shortcomings of failing to provide for improved access to Hwy 407 at Leslie Street as part of a pending widening;
- d) That copies also be sent to all Members of Provincial Parliament representing York Region constituencies."

In accordance with Council's directive, I am forwarding to your attention a copy of Council's request, as above. If you require further information please contact Bruce Macgregor, Commissioner of Engineering and Public Works at (905) 771-8800, extension 3514.

Sincerely,

Robert C. Prowse
Town Clerk

cc: B. Macgregor, Commissioner of Engineering and Public Works
