Denis

I am sending this e-mail on behalf of the King Township Chamber of Commerce

A representative of the King Township Chamber of Commerce wishes to make a deputation to committee tomorrow on the issue of King City sewer costs .

The Chamber had previously agreed to stand -down on a deputation request if an other King Township resident was denied a request to make a deputation on the same matter .Since Mr Martin has been given this opportunity to speak , the Chamber respectfully requests the opportunity to speak .

Thank you for your assistance
