Subject: Deputation Request

Good Morning Ms. Bridle,

Further to your phone conversation with Wendy Lucas, assistant to Councilor Dan Horchik, I am sending you this email. I would like to make a deputation to the Transit Committee on December 3rd. I anticipate my deputation would be no longer than 5 minutes.

It concerns the state of the digital signage network on your VIVA buses. We are Baldhead Systems Inc., a shareholder in Byte Media, the company which invested in excess of 1M in said digital signage venture, yet has been prevented from conducting business now for nearly one year.

Any assistance you could offer, would be greatly appreciated.

Yours faithfully,

J. Jordon
Chairman

Baldhead Systems Inc.
