

Planning and Development Services
Office of the Regional Planning Commissioner

MEMORANDUM

TO: Regional Chair and Members of Regional Council

FROM: Bryan W. Tuckey, MCIP, RPP

DATE: December 16, 2009

RE: **Additional Submissions Regional Official Plan**

Since Attachment 3 (the summary and Analysis of Submission made on the Regional Official Plan) was tabled at Planning Committee on December 2, both the Regional Planning Department and the Clerks Department have received over 40 additional submissions on the Regional Official Plan. These include submissions from deputants at the December 2, 2009 PEDC, as well as new comments and additional comments related to previous submissions received since Planning Committee. The submissions received since Planning Committee are presented in two packages today – those received in the Office of the Regional Clerk and those received by Planning Committee.

Of the total number of submissions since Attachment 3 was tabled, approximately 15 are new submissions unrelated to those currently in Attachment 3.

Regional Planning Staff will give each submission careful and thorough review and a report will be brought back to Planning and Economic Development Committee in the new-year with an analysis of each submission and recommendations for any modifications to the Regional Official Plan required as a result of these submissions.

A handwritten signature in dark ink, appearing to read 'Bryan W. Tuckey', with a horizontal line drawn above it.
