Attention: Mr. Barry Crow
Director of Property Services

Dear Sirs:

RE: West Vaughan Fire Station Site
Acquisition of Land from TRCA

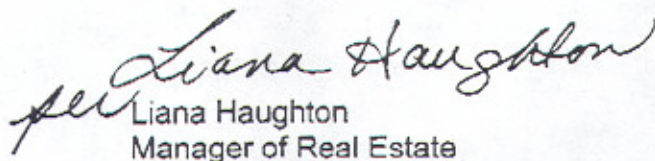

On May 25, 2004, Council authorized staff to proceed on acquisition of the above site on the basis of City ownership only.

The City wishes to enter a partnership with the Region whereby the Region agrees to a ground lease and shares construction costs. Other operating and maintenance costs are to be pro-rated. This arrangement would be similar to the Thornhill/Concord Fire Station site partnership agreement.

In addition, staff have been directed to determine the feasibility of including a community activity room possibly for seniors, in the fire station. Staff are reviewing this issue.

Please advise if the Region is agreeable proceeding on this basis as soon as possible.

Sincerely

Liana Haughton
Manager of Real Estate
