Dear Mr. Koutroubis:

**Re: 2<sup>nd</sup> Concession Improvements  
Class Environmental Assessment  
Green Lane to Queensville Sideroad  
Our File: T02 (C) 8562 EA**

The Region has conducted a review and reassessment of the recommendations of the 2<sup>nd</sup> Concession Environmental Assessment, pertaining to Main Street North, from Green Lane to Bristol Road. From a continuity and driver expectation perspective, there is a need for the Region to extend the urbanization from the Town of Newmarket's boundary to Bristol Road, for which the design and construction will be fully funded by the Region.

We trust that this addresses all Town concerns pertaining the 2<sup>nd</sup> Concession Environmental Assessment, and request the Town notify the Ministry of the Environment and rescind its Part II Order request.

Sincerely,

Mark Nykoluk, P.Eng., PMP  
Senior Project Manager
