The Finance and Administration Committee at its meeting held February 3, 2005 referred the following motions to the February 10, 2005 Transit Committee Meeting:

- That the General Manager of Transit conduct a review of YRT routes to determine whether the opportunity exists to fund one-third of Priority 1 routes through the reduction of service on low-ridership routes; and
- That the General Manager of Transit explore whether there is an opportunity to contribute \$30,000.00 in partnership with the Town of Georgina to fund rural services provided by Transit Georgina.

Don Gordon, General Manager, York Region Transit will be making a presentation regarding these matters.
