Subject: RE: deputation today re OPA 122

I am representing Doovan Properties. They own approximately 100 acres and are located within the secondary plan area. We support the staff report and request approval of OPA as soon as possible without the need of any deferral. I wish to address Committee in addition to Hesse to emphasize the need and appropriateness to proceed toward approval of OPA 122 forthwith notwithstanding the request by Mike McQuade on behalf of the landowners to the south of the existing urban boundary of Sharon. He will be addressing the Committee this afternoon requesting deferral. I will send a formal letter on letterhead tomorrow outlining this position for the record.
