Attn: Mr. Faris Georgis, P. Eng.,

Dear Sir:

RE: BATHURST STREET & WOODLAND ACRES CRESCENT,
PART LOTS 28 AND 29, CONVEYANCE 2,
REGION FILE #D1900.014 V.,
CITY OF VAUGHAN,
REGIONAL MUNICIPALITY OF YORK.

We were asked by our client to review the two Development Charges Quantity and Cost Summary documents (Appendix D) prepared by our office and submitted previously to your office. We enclose copies, dated December 13th, 2005 and the original sheet prepared December 9th, 2004.

As you are aware the December 9th 2004 sheet was submitted prior to construction. Please note that items 19 to 29 inclusive are in addition to the items submitted in the December 13th, 2005 copy. These items were extras to the project incurred as a result of design changes and conditions encountered in the field. The items were constructed within the Bathurst Street road allowance portion. We revised the original Appendix D to allow our client to be compensated in a fair manner for the work that was performed and paid for on Bathurst Street.

On behalf of our Client we respectfully request that the above items be reviewed again by the Region and approved as recoverable costs.
