Re: High-rise multi-family residential buildings

Town Council at a meeting held on July 19, 2010, considered your correspondence requesting local municipalities to include conditions of planning and building approval for high-rise multi-family residential buildings that provides internal building capabilities for three stream waste management.

Please be advised that Town Council received your correspondence for information purposes and referred it to Bob Magloughlen, Director of Engineering and Public Works, for inclusion in future applications.

Sincerely,
FOR THE TOWN OF GEORGINA,
