Subject: A Big Thank You - Tina Chantler

Hello Zoran,

I wanted to write to you and let you know what an enormous help Tina Chantler in the Sign Shop was for us in the lead up to the Grand Opening of the Community Safety Village. Tina helped us out in several ways including the stripping of all of our miniature cars, the beautiful etching that is on the front entrance of the Village and some last minute sponsor recognition signs. Tina was always friendly, helpful and very timely in getting these things completed for us.

Oftentimes during the lead up to a major event, people forget to thank others for all of their work in pulling things together in preparation and once the event is over, those thanks also never come. I wanted to make sure that I made you aware of just how huge of a help Tina was. Despite the fact that we oftentimes gave Tina little time to pull things together, she was always willing to help and to offer suggestions to make our signage look better. She was an absolute pleasure to work with.

On behalf of all of the staff of the Community Safety Village, please pass along our thanks to Tina.

On another note, we will be hosting a BBQ in late June to thank all of our co-workers from both York Regional Police and the Region of York who were invaluable in pulling this Safety Village together. Off the top of my head, I can think of people such as Tina, Nelson Costa, Gary Cosgrove, Joseph (the gravel guy) and Doug (the sign installation guy) and YOU of course. I am sure there are several people that I have missed and I will be touch to ensure that no one is missed.

Thanks again Zoran.

Best Regards,

Karen
