

Transportation Services June 9, 2010.
Committee + Staff; York Region & Council.

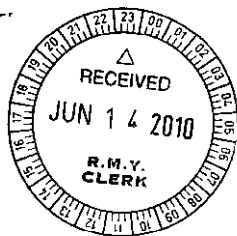

Re: Nashville Road

This is a vote for the ownership of Nashville Rd. staying with York Region (jurisdictional)
There are numerous reasons

Presents future east west roads are needed
Heavy traffic between Nash. + Climbing etc.
Access to Balton & north west, south west.
Calming effects aren't appropriate

Other areas have dealt with truck traffic
Climbing has close proximity to Highway 27
for by-pass routes for Nashville (proposed)
There is a long sidewalk from Hunting ton to 27.
The northern side sidewalk could be extended.
People don't need to be on the road. They can
move whereas roads can't.

Nashville proposal has sidewalks on both sides.
If residents can tolerate train noise, the rest
should be easy (and airplanes)
People with small children & babies need not
live by busy roads.
