Subject: Deputant for March 24th regional council meeting

Mr. Kelly,

I would like to give a deputation at Thursday's council meeting for agenda item 5, specifically Report No. 3 of the Transportation Services Committee. As you can see from the exchange below, I am just getting familiar with the processes and procedures, so please forgive the short notice of my request. I am a homeowner that is impacted by this report and I represent a group of homeowners from three streets included in the study that this report is based on. Could you please confirm receipt of this request? Thanks very much for your assistance.

Regards,
Christine Radewych
