1.0 Management Summary

Audit Services has completed a follow up of outstanding audit recommendations. These recommendations are comprised of:

1. Audit recommendations that were noted as 'not yet completed' in our previous outstanding audit recommendations follow up audit report dated October 2004.
2. Any new audit report recommendations issued up to and including December 31, 2004.

There were 103 audit recommendations originally issued through the seven audit reports currently on our list for follow up. Prior to this review, 70 audit recommendations, or 68% had been implemented. From the remaining 33 recommendations, seven have been implemented. As of December 31, 2004, 26 recommendations, or 25% of the original 103 recommendations issued, have not yet been implemented.

For a detailed summary of audit reports followed up and recommendations issued, completed and outstanding, please refer to section 5.0. Additional detail is available upon request from the Director, Audit Services.

The responses Audit Services received to determine the status of audit recommendations have been reviewed and authorized by the applicable Commissioners and Directors.

Should the reader have any questions or require a more detailed understanding of the risk assessment and sampling decisions made during this audit, please contact the Director, Audit Services.

We wish to thank the Commissioners, Directors, and their staff for their co-operation and assistance in providing Audit Services with timely responses.

2.0 Introduction

As part of our 2004 Audit Plan, which accommodates various types of audit projects, consulting engagements, and follow up requests from the Audit Committee and Management, the Audit Services Branch performed a follow-up of outstanding audit recommendations. These recommendations included those noted as outstanding in our October 2004 audit recommendations follow up audit report, and all new recommendations issued in audit reports up to and including December 31, 2004.

The Audit Plan, approved by York Region's (the Region's) Audit Committee, is developed annually by the Audit Services Branch using a Risk Assessment Methodology that helps to define the different risks associated with the various processes here at the Region. It is one tool that Audit Services uses in assessing where best to allocate audit resources.

On a periodic basis, Audit Services updates the Regional Audit Committee and the Chief Administrative Officer (CAO) on the status of issued audit recommendations. To provide this update, Audit Services contacts Commissioners and Directors to confirm the status of the issued recommendation(s) relating to their area. In some cases, the status is further validated directly by Audit Services through discussions and / or detailed testing. This is an integral part of our audit

process that allows us to confirm that the opportunities for improvement outlined in the audit report(s) have been implemented.

Department heads were e-mailed requests containing:

1. A summary of outstanding audit recommendation(s) for their area, and the last management response(s) relating to the recommendation(s).
2. Requests to provide a status update and anticipated implementation date for the recommendation(s).

Management was asked to review the outstanding recommendation(s) and provide Audit Services with a confirmation as to the stated due date, or a revised due date. Management Action Plans that detailed what was being done to implement the recommendation(s), was also requested.

Finally, an Executive Sign-off Form, to be signed by the Commissioner and Director responsible for the implementation of the recommendation(s), was also sent.

Audit reports issued after December 31, 2004 will be followed up in the future.

3.0 Objectives and Scope

The objective for this engagement was:

- To provide feedback to the York Region Audit Committee and CAO, as to the disposition of issued audit recommendations.

The audit scope to accomplish this objective was:

- All outstanding audit recommendations issued prior to December 2004.

4.0 Methodology

The approach taken for this phase of the review included:

- Requesting a status update for issued and outstanding audit recommendations from Commissioners and Directors.
- Reviewing status update responses to determine which audit recommendations remain outstanding and which have been implemented.
- For recommendations not yet implemented, to review the response relating to the work-in-process to determine if progress has been made.
- Discussion with management to clarify and questions arising from their responses.
