Dear Sir

**Re Development Charge Credit
The Interchange Development, City of Vaughan
Beutel Goodman Real Estate Group**

Further to our April 29, 1999 Development Charge Credit request for the Interchange Development in the City of Vaughan, we are writing to inform the Region that we have not yet received a response from the Region regarding this issue.

As agreed at our meeting held earlier this year and as instructed by the Finance Department, we forwarded a detailed submission outlining our credit request to Transportation Department on April 29, 1999. It was our understanding that this submission would be reviewed and evaluated by the Transportation Department within a few weeks and then forwarded onto the Finance Department for processing.

As we have not yet received any comments on the status of our DC credit application nor has the Finance Department received your comments, we would appreciate your immediate attention to this matter. To assist the Region in your review, we have provided two more copies of our original submission. For your convenience, we have sent one copy directly to the Finance Department and have attached the other to this letter.

Should you have any questions, require additional information or wish to meet to discuss our submission, please call.

As our client is quite anxious to finalize this issue and receive confirmation on the amount to be credited to their development, your immediate attention to this matter would be greatly appreciated. We thank you in advance for your attention to this matter.

Yours truly
