Dear Dr. Jaczek:

Re: Area Municipal Support for West Nile Virus Mosquito Control Plan

In response to your recent letter, I am pleased to advise you that the Township of King fully supports the York Region's 2005 West Nile virus Mosquito Control Plan, including the proposal to apply larvicides to Municipal catch basins and other bodies of standing water within the Municipality, if deemed necessary by the Medical Officer of Health for the Regional Municipality of York.

As a member of your West Nile virus Operating Committee the Township of King staff are prepared to provide whatever assistance we can in order to help deal with this important public health issue.

Sincerely,

Bob Casselman
Chief Administrative Officer
