Clerk's Department

TO: The Chair and Members of Regional Council

FROM: Gioseph Anello,
Manager of Waste Planning and Technical Services

DATE: May 9, 2009

RE: **SITE SPECIFIC REPORTS AND ENVIRONMENTAL ASSESSMENT (EA) DOCUMENTATION**

The attached CD contains the following Site Specific reports which will form part of the Environmental Assessment: Acoustic Assessment; Traffic Assessment; Visual Assessment; Economic Assessment; Social Assessment; Surface Water and Groundwater Assessment; and, Energy Assessment.

The Project Team has advised that the Site Specific Human Health and Ecological Risk Assessment (SSHHERA), which includes the Air Dispersion Modelling Study, will be available for public release on Friday, May 15, 2009.

In order to provide an opportunity for residents to learn more about the Site Specific studies there will be Public Information Centres on May 12, and May 19, 2009 at the Garnet B. Rickard Recreation Complex in Bowmanville.

Please note the following is the schedule that has been established for the release of the Environmental Assessment documentation:

- Monday, May 25, release of the draft Environmental Assessment;
- Friday, June 12, release of the final draft Environmental Assessment; and
- Friday, June 19, release of the final Environmental Assessment

Gioseph Anello,
Manager of Waste Planning and Technical Services

c: Chief Administrative Officer
Department Heads
