Subject: Agenda for the Regional Council meeting - May 15

Good afternoon Denis,

My name is Tania AuYeung and I'm a Fundraising Coordinator from the Juvenile Diabetes Research Foundation (JDRF). I organize a fundraising event called the *York Ride for Diabetes Research* and have been working closely with Mayor Dave Barrow from the Town of Richmond Hill.

This event is a stationary bike-a-thon where teams of 5 from companies and organizations in raise pledges and cycle on a stationary bike for 8 minutes each. The York Ride is a great team building and networking event and Mayor Barrow and the Character Community from the Town of Richmond really enjoy it! We would like to engage the other Towns or Character Communities get involved with the York Ride as well so that a friendly competition can possibly be held.

At Mayor Barrow's suggestion, I would like to do a presentation together with him about the York Ride at the next Regional Council meeting on Thursday, May 15. I was referred to contact you to see if I could get put on the agenda for that day.

Please let me know if this is possible. I can work within any time frame you have available. I can be reached via email tauyeung@jdrf.ca or by phone 905-944-4612.

Thanks for your time and have a great weekend!

Sincerely,

Tania AuYeung
