Subject: deputant for council meeting November1/07

Denis:

I am requesting to be present as a deputant at council meeting November 1. The issue that is at hand is regarding over payment of development charges. My drawings were being reviewed by building department, while the review was happening dc charges were increased by \$7000.00. At no given time was I informed from building department of this increase. I missed the deadline by a few days... few extra days that the building department took more time then required to review my drawings. Had I been informed about increase I would of taken time off work to submit my drawings earlier knowing that I would of saved \$7000. Mike Janotta(manager at the building department of Richmond Hill) indicated to, me on several occasions that he had no objections with me paying the lower dc amounts. 4 months have gone by and I have yet to recieve my money. I have already paid the higher amounts-which I had no choice because I needed to start building me home. I am completely frustrated and stressed regarding this issue. Therefore I want to be present and completely state my case!

Regards,
Nancy Tenaglia
