ALTERNATIVE ENERGY IMPLEMENTATION STRATEGY.

SUGGESTION TO MIND. SMITHMAN.

DUE TO DECLINING PEAK DEMAND & FURTHER TO
A 12-18 MONTH RICH - MAY I RESPECTFULLY SUGGEST
THAT ~~ANNUALLY~~ THE PROVINCE DEDICATE \$50,000.00
ANNUALLY PER MIN 50,000 POPULATION TO IMPLEMENT
EACH COMMUNITIES INITIATIVE TO DEVELOP SOLAR & WIND /
GEOTHERMAL / SOLAR THERMAL & SELL BACK TO THE GRID
UNDER THE STANDARD OFFER PROGRAM

THIS WOULD FURTHER LESSEN PEAK DEMAND, INCREASE
AVAILABLE ELECTRICAL RESERVES & INSPIRE OTHER INDIVIDUAL
& BUSINESS ENDEAVORS TO GO GREEN -- I.E. RETROFIT
HOMES WITH SOLAR & SOLAR THERMAL.

Respectfully

Jim Maslin
