

Waste Reduction Week in Canada

September 10, 2003

Dear City Clerks/CAO's,

The Recycling Council of Ontario along with its sister organizations from across Canada are proud to celebrate **Waste Reduction Week (WRW) in Canada**. This annual event is intended to educate the public about wasteful consumption.

During **October 20 – 26th, 2003** the theme "To Good To Waste" will be promoted throughout, schools, businesses and municipalities. The idea is to have participants learn and partake in WRW activities and events across the nation.

The Recycling Council of Ontario is asking for each municipality to support our continual effort to educate the public about waste reduction. **The RCO is respectfully asking your council to declare the week of October 20 – 26th 2003 Waste Reduction Week in Canada.** A proclamation from your council will significantly increase the profile of Waste Reduction Week. Please place this request on your next council meeting agenda.

A sample proclamation is available for viewing on the web site; www.wrwcanada.com/resource01.html. All proclamations throughout Canada will be collected and listed on the Waste Reduction Week in Canada web site. Proclamations will be accepted by mail and as a facsimile. Please send to:

Recycling Council of Ontario
