Re: Proposed Church Street Bus Loop in Markham

This is a request on behalf of the residents of the Cornell Community in Markham to have deputation status on the Thursday October 21st, 2004 agenda for council meeting. We wish to address the proposed bus loop on Church Street bordering on the South end of our community. We would like to hold a community meeting to inform the residents about the bus loop, before any motions are passed. We have concerns regarding traffic, noise and pollution. To date there has been no communication with the neighbouring residents who will be dramatically affected by this proposed loop.

Yours truly,
