

York Region Transit Cross-Boundary Service Update

**Presentation to
Transit Committee**

**Sharon Doyle
February 12, 2009**

Reasons for Reviewing Cross-Boundary Destinations

- ❑ Will allow vehicles to be more available to service clients within the Region.
- ❑ Will allow better opportunities for linked or shared rides.
- ❑ Will substantially reduce deadhead time (not compensated) for contractors.
- ❑ Allows York Region to continue to pursue reciprocal services with TTC Wheel-Trans.
- ❑ Improves overall service efficiency and effectiveness.
