FOR THE ATTENTION OF COUNCIL Comments on the CTC Draft Proposed Source Protection Plan

To Denis Kelly,

We have received and will review the comments that were submitted in response to the CTC Draft Proposed Source Protection Plan released for public consultation March 19 to May 1, 2012. We would like to thank you and your staff for taking the time and effort to submit comments, especially within the deadline.

A summary of the comments received and how they have been addressed during this round of public consultation will be included in the updated Explanatory Document which will be included in the submission of the plan to the Minister of Environment.

The second round of public consultation on the CTC Proposed Source Protection Plan will take place later this year. The Proposed Source Protection Plan will be published online at www.ctcswp.ca and your municipalities along with all municipal clerks within the CTC will receive a notice of the opportunity to comment and a digital copy of the Plan.

If you have any questions, please contact myself or Beverley Thorpe, CTC Project Manager.

Yours truly,
