This report includes all applicants assessed and approved the LTC Admissions and Discharge Committee in the reporting period.

4.1 Wait List Administration and Triage

Once applicants are approved by the Admissions and Discharge Committee, they are placed on a waiting list that is administered by the Community Care Access Centre (CCAC). Applicants on the waiting list are categorized and prioritized according to risk level, type of care, level of care and accommodation requested (private/standard) and are admitted according to that criteria. Those individuals that are at greatest risk and/or inappropriately placed in an acute care setting are given the highest priority for placement.
