Dear Mr. McQuigge and Staff,

A brief note of appreciation to you and your staff for your wonderful cooperation and support during our most recent ordeal. It was very reassuring to our administrative team and academic staff to have so knowledgeable and professional a medical team with whom to work. While it may have been a first for us, it was very comforting to know we had your experience and expertise to count on.

I must also express my gratitude for the sensitivity which you showed to all members of the community. Your open and collaborative approach to our Tuesday evening conference call was consoling and reassuring. Your attendance at our reopening meeting on June 3 helped significantly to alleviate the concerns and fears of most staff. More importantly, it showed you were on top of matters and your concern for our school community went well beyond your professional mandate and responsibilities.

Once again, I wish to thank all of your assistance during our SARS ordeal. Your support of our school community and safety of our staff and students was most evident throughout the entire process. A heartfelt thank you!

Respectfully,

Paul. R. Walsh
Principal

The Mission of Father Michael McGivney Catholic Academy as an inclusive community of many cultures, rooted in the teachings of Jesus, is to develop the full academic, spiritual and social potential of all students in partnership with home, church, and other communities, as builders of a just society.
