Subject: Clause 1, Report 7 of the Transit Committee Mobility Plus Service
 Implementation Initiative

Dear Members of Council of The Regional Municipality of York,

We hope that you will be supporting Linda Jackson's motion to start Mobility Plus cross-boundary service to Seneca College right away.

To quote my son's presentation (Thursday, September 16th, 2004):

“ To go to school and back home, it takes me two hours each way. I have to use four buses each day: two to go to school and two to go home. By the time I get home at the end of the day, I'm exhausted”.

A direct trip to Seneca **removes barriers** for the disabled students of the Region of York. Your short term investment today will be repaid tenfold to the Region in the long term.

Respectfully Yours,

John Mazzella
