Subject: RE: Accessibility Advisory Committee meetings

9

Hi Susan

I came across something in a magazine for people with disabilities and was wondering if you could forward this on to ACC committee members.

The Council of Canadians with Disabilities and Canadian Association for Community Living have begun a national campaign designed to increase the investment in disability support and to address the poverty and exclusion of Canadians with disabilities, to mobilize and expand collaboration with the disability community and beyond and to raise the profile of Canadians with disabilities and their families.

The campaign will include:

1. An opportunity to Tell Your Story and bring a human face to the hopes, struggles, barriers and accomplishments of Canadians with disabilities and their families.
2. An opportunity to sign the online Declaration. It will call on governments to move forward an Agenda for Creating an Inclusive and Accessible Canada.
3. A website, www.endexclusion.ca, will connect you to the most up-to-date information about the campaign.
