FILE / ROUTING	

Dear Mr. Harrison,

We would like to have "No Stopping" signs erected on the south side of Wellington Street from Dufferin Street up to and including the driveway at 1375 Wellington St.

The gravel business across the road has numerous trucks hauling in all day and if the lot gets too crowded, the drivers waiting to get in will park along the road, blocking our driveways. When asked to move they will refuse for fear of losing their place in line.

If the haulers get to the yard before it opens in the morning, they'll again park in front of our houses, sometimes for an hour or more.

On Saturday June 23rd, we had trucks lined up from the pit entrance back to Dufferin Street and north on Dufferin as well. We had to call the police twice to have them moved.

This wasn't just an isolated incident. It happens quite regularly, and we would like to have something done.

Sincerely,

Dale Farren, 1383 Wellington Street
 Robert Graham, 1429 Wellington Street
 Roger Wood, 1441 Wellington Street
 Greg Farren, 1375 Wellington Street
