

10 | Conclusion

10 | Conclusion

The 2014 Annual Service Plan supports the 2012–2016 Five-Year Service Plan and builds on the successes of the 2013 Annual Service Plan:

- > Making transit accessible
- > Continuing to improve service and infrastructure for successfully integrated transit service
- > Developing an optimal mix of transit service types
- > Promoting transit usage as a practical and wise alternative to private vehicle use

The 2014 Annual Service Plan has been prepared with extensive consultation and feedback from the public, municipalities and transit stakeholders. In the fall of 2013, YRT/Viva will present the final 2014 Annual Service Plan initiatives to all local municipal Councils.

In early 2014, staff will begin preparing for the 2015 Annual Service Plan in accordance with YRT/Viva's Service Planning and Stakeholder consultation process.

The 2015 Annual Service Plan will focus on:

- > Realignment of services to support future rapidways and the Spadina Subway extension
- > On-time performance
- > Route restructuring to strengthen the grid network and to get people where they want to go
- > VivaNext and Spadina Subway construction mitigation
- > Matching service to meet demand
